IMPLEMENT EMPOWER ONLINE APPOINTMENT BOOKING AT YOUR PRIMARY CARE PRACTICES

We are one of **Canada's first EMR-integrated online appointment booking solutions**. With **over 10 years of experience**, we have been providing **centralized online appointment booking services** for public health initiatives, such as COVID-19 and flu clinics. We have been **supporting Ontario-wide navigation, awareness and access initiatives since July 2012**.

Our work has been recognized with the **"Digital Health Canada's Start-Up Innovator of the Year for 2021"** award.

What we offer:

High degree of customization

- Allow / restrict who can book
- Restrict when appointments can be booked
- Restrict how far in advance appointments can be booked
- Allow / prevent same-day booking
- **FREE** quick-links to your booking page:
    - https://OHT-DrKhan.empower.ca
    - https://empower.ca/OHT-DrKhan
- Many other customizations

Support system navigation

- Co-designed with **thousands of clinics, patients and clinicians since 2012** (10 years)
- Aligned with **Quintuple-aim** and **OHT priorities**
- Empower.ca and initiative navigator maps show all healthcare options nationally
- Centralizes online appointment booking and discourages walk-in clinic visits
- Centralizes online appointment booking across **primary care, pharmacies, public health, and specialists**

Integrated workflow

- Designed to reduce no shows & staff burn-out
- **FREE email & SMS reminders** to reduce no shows
- **EMR-integrated** (use your regular scheduler/workflow)
- Switch your EMR anytime without impacting patient experience

Pre-appointment Engagement

- **Automated** reminders & appointment confirmation (email & SMS)
- **SMS paging feature** (easily send patients a SMS alert/notifications)
